INSTALLATION

IMPORTANT ! : The following procedure assumes that the UL Listed CPA ceiling plate (not included) has been properly installed following instructions provided with ceiling plate.

1. OPTIONAL: Route cables through extension column (A).
2. Install UL Listed CPA Series Extension column into UL Listed CPA ceiling plate (not included) following instructions included with ceiling plate.

NOTE: Installation of hex head self-tapping screws (included with Listed Chief accessories and mounts) will be easier when screws are carefully aligned with holes in extension column, and a drill and nut driver is used. If a drill will NOT be used, a small amount of pressure will be needed to get the self-tapping screws started.

3. Secure extension column following instructions included with ceiling plate.

WARNING: Exceeding the weight capacity can result in serious personal injury or damage to equipment! It is the installer's responsibility to make sure the combined weight of all components and mounting systems attached to the CPA Extension Columns does not exceed 500 lbs (226.8 kg).

- The weight capacity of the CPA Extension Columns may be LIMITED to the lowest weight capacity of any other component, accessory or mounting system used with this accessory.
4. Install and secure mount (not included) to lower end of extension column (A) following instructions included with mount.
