

**SONOROUS**

# SONOROUS®

---

Sonorous furniture and audiovisual stands feature state-of-the-art design and top quality materials, adding value to your lifestyle with a sophisticated and contemporary approach. Yet they are affordable. Choose confidently from our contemporary designs that will compliment your personal style and the carefully selected furnishings in your home.

---

## INDEX

MULTIMEDIA CABINETS	4-15
SIDEBOARDS	16-35
SHELF & BOX SYSTEM	36-41
TABLES	42-55
FEATURES	56-65
COLOR VARIABLES	66-69

## MULTIMEDIA CABINETS

---

Sonorous multimedia cabinets offer a modular concept that displays and discreetly stores all your audio/video equipment right at the heart of your living space.

Contemporary designs of lacquered tempered glass, acid etched glass, porcelain and wood have never been so beautiful and completely timeless. Come and discover the perfect balance between industrial design and handicrafts.

---

## SIDEBOARDS

---

Available in both wood base and metal frame, Sonorous sideboards offer a modular system with a rich collection of colors and shapes.

The series allows to freely position shelves, drawers or display cases, and to choose from a wide variety of materials and exclusive finishes including a continuous delicate glass top.

---

# SHELF & BOX SYSTEM

---

A bookshelf, a sideboard or a showcase... Shelf & Box finds its place in all living areas ranging from domestic spaces to professional settings. Featuring steel bars that allow for multiple storage options, the system can be customized with different materials, colors and finishes.

---

## TABLES

---

At home for dining and study or in the office as a prestigious meeting table or desk... Great craftsmanship of Sonorous tables bring stylish details to all living spaces. Options for tops, bases and dimensions make it possible to combine all the elements with each other, just as you wish.

---

## COFFEE TABLES & SIDE TABLES

---

Adapting to any space for any use, Sonorous coffee and side tables are ideal for mixing heights, colors and bases for adding a vibrant touch to all living areas. A wide range of tops and bases that can be arranged in numberless ways, offer added space for eating, working or just enjoying coffee.

---

FEATURES

MODULAR CONSTRUCTION (EX / SB)

Modular construction allows you to arrange cabinets as you require, floor standing, attached to your walls, or both, you decide. A system of specialist furniture that combines elegance, technical performance and perfection.

Acid-etched glass is annealed glass treated with acid to permanently change its appearance, making it smoother than sandblasted glass.

We strategically color the reverse side of a piece of glass using advanced equipment renowned for precision, spray painting unit and tempering oven, to ensure the finished product is evenly covered. By coupling the beauty of back-painted glass with its practicality, you'll have a winning combination for endless applications.

ACID ETCHED GLASS / BACK PAINTED (EX/SB)

CABLE MANAGEMENT (EX)

Cables are an essential part of your system, but you don't want to see them. Multiple and discrete horizontal and vertical cable channels make for easy access for cabling through shelves and cabinets whilst keeping them out of sight within the cabinet.

ROTATING MOUNT (EX)

Brushed anodised aluminium profile is used for TV mounting and provides rotating and an integrated cable management system.

PORCELAIN & GLASS LAMINATION (EX/SB)

Porcelain be can used as the skin for surfaces and structures, designed to multiply intended uses and applications. (Tabletops, sideboard body or front, coffee tables etc.)

Laminated porcelain & glass is a type of safety material that is made of two or more panels of ajoined together by a layer of plastic (EVA). You can think of this joining as creating a glass & porcelain sandwich. It is safer, if broken, glass or porcelain fragments remain in place rather than breaking into dangerous shards.

Using this new concept that combines light weight and technical performance, it is now possible to create genuine products or installations with the added benefits that come with ceramic technology. The very nature of the material also lets designers apply each of these possibilities in indoor and outdoor environments to develop smooth, curved and even backlit surfaces.

**ACOUSTIC FABRIC DOOR (EX / SB)**

Amplifier, media players and game consoles can all be stored behind flaps which are covered with acoustic fabric door or perforated door. Designed to ensure adequate ventilation so your devices don't overheat. A sound bar, loudspeakers and subwoofers can be placed and operated, hidden from view, without affecting performance.

**PERFORATED DOOR (EX / SB)**

**CERAMIC DOOR (EX / SB)**

**VENEER DOOR (EX / SB)**

**ANODISED ALUMINIUM EDGES (EX)**

Careful use of anodized aluminium profiles creates impact resistance edges

**IR REPEATER (EX)**

Control all your equipment with your remotes, yet keeping it out of sight. Our Infrared Repeater system relays remote control signals to your equipment within the cabinet.

**DRAWER (EX / SB)**  
 Drawers incorporate high performance and luxury "push to open" mechanisms

**FLAP DOOR MECHANISM (EX / SB)**  
 High-quality flap mechanisms ensures soft opening and closing.

**PUSH TO OPEN (EX / SB)**

**ADJUSTABLE LEVELLING FEET FOR METAL LEGS (EX / SB)**

**ADJUSTABLE LEVELLING FEET FOR BASES (EX / SB)**
