

PB-TVMA TV Mount for Sonos Playbar

The Flexson TV Mount Attachment for Sonos Playbar is designed to easily fit on to a full-motion (articulated) TV wall mount. The Flexson Screen Mount securely holds your Playbar in place while allowing it to move with the screen. So, wherever you want to angle your TV, the SONOS sound stays directly underneath it, for optimum performance with music, movies and more. The Flexson Sonos Playbar Screen Mount is precision engineered in England to perfectly match the size, style and colour of the Sonos Playbar. It is ideal for 40 inch screens, and will fit any VESA compatible display up to 65 inch, using standard wall mounts (with two vertical mounting arms).

- Allows a Sonos Playbar to be added to an existing TV wall mount
- Bespoke design securely holds the Sonos Playbar
- Allows you to fix the Sonos Beam to any existing TV Mount
- Sonos Playbar moves with your TV when using a full-motion mount
- Vertical and horizontal adjustment allows perfect alignment with screen
- Precision engineered. Quick and easy to fit
- 40" minimum TV Size
- VESA compatibility from 100 x 100 up to 400 x 400
- High grade-steel construction
- Designed and manufactured in the UK
