## Portable Mobile Device Cleaning Kit

Procure IP-1067 is designed to work with all mobile touch screen devices. The product features a sponge pad that only becomes wet when pressed onto your device so that the flow of cleaning fluid is effectively controlled. All of this in a compact design that can be attached to a keyring or dropped into a carry bag ready for its next use.

### FEATURES

- Uniquely designed to effectively clean (wet & dry) all mobile touch screen devices
- Anti-microbial treated dry pad for quick and easy wipe with "nip and tuck" mechanism
- Auto-drip - Patented technology enables drip-free operation
- Keyhanger feature

### CONTENT

- Cleaning Unit (1 pcs)
- Triangular Cleaning Pad (1pcs)

### APPLICATIONS

- Mobile phones
- Touch screen devices
- Tablets
