

FULL-FEATURED AUDIO

HDX series

Stunning, feature-rich in-room audio and exceptionally clear audio conferencing. Incredibly easy to install, use and manage. It's a revolution.

Key features

- **Full-room mic coverage** – that fills your space with thousands of virtual mics
- **Distributed room-filling audio** – for an exceptional listening experience
- **Adaptive Voice Lift** – cross-room voice amplification without external mics
- **Adaptive Voice Amplification** – presenter's voice is amplified with an external mic
- **Auracast™ assistive listening** – no need for extra equipment or a complex setup
- **Powerful management tools** – to monitor, manage and update with ease

Powered by **Microphone Mist™** technology

Adaptable modular solutions

A wide range of plug and play configurations – for rooms from 9.1 x 9.1 m to 12.2 x 18.3 m (30' x 30' to 40' x 60'). Standardizing across a broad deployment has never been easier.
